

**Full time Academic**

The full time academic personnel consist of:

- [Athanassios Nikolaidis, Professor, Director of the Highway Engineering Laboratory](#)
- [Anastasios Mouratidis, Professor](#)
- [Christos Pyrgidis, Professor](#)
- [Fotini Kehagia, Assoc. Professor](#)
- [Evangelos Manthos, Assist. Professor](#)
- Georgios Tsohos, Emeritus Professor

**Administrative**

- Dimitra Gatoula

Part time (external)

The Laboratory employs a number of outside experts and research personnel on a part-time or full-time basis according to the needs of its projects.

Athanassios Nikolaides Prof. Dr. Civil Engineer, Consultant, specialised in: Highway engineering, Highway engineering materials and Testing, Airport engineering, International Specifications; Member of Institutions; Worked in Europe and Asia as Consultant specialist; Technical advisor to the State owned highway implementation company Egnatia S.A. and to private construction companies; Published 78 papers in Scientific Journals and International Conferences; Presented papers/lectures in 36 seminars in various countries; Participated in 13 research projects, in 9 of which was the Team leader; Supervised eleven (11) Ph.D. students; External examiner in six (6) Ph.D. abroad and in nine (9) in Greece; Supervised more than 90 final year projects; Founder and President of the International Conference in Bituminous Mixtures and Pavements in 1992, 1996, 2002, 2007, 2011, 2015 and 2019; Member of Scientific/Technical Committees of International Conferences; Member of the Editorial Advisory Panel of ICE (UK) Journal 'Construction Materials'; Author of four books: a) Highway Engineering: Pavements, Materials, Control of quality English edition (2014/15), b) "Highway Engineering: Pavements, Materials and Control of Quality in Greek (1996, 2002-2

nd  
rd  
edition, 2011-3

rd  
edition), c) 'Airports: Design and Construction' (2000, 2017-2

nd  
Edition) and d) Flexible pavements: Pavement design methodology, Bituminous mixtures and Wearing courses (2005, 2018-2

nd  
Edition).
